PROJECTS

IU CA DEPARTMENT APP ↗

Apr 2024 - Jun 2024

It was app by keeping in mind that it can be used by every student who belongs to Computer Application Department. It is very easy to use as functionality of this has been kept very simple. This app having student side and Admin side. Admin side can only be accessible by using the main credentials and students side can be accessed using any gmail. This app contains all the useful websites link as well as personalized message which are to be sent by the admin. Flutter has been used to design the app and Dart is used to make its working at backend. Firebase is used as a database and authentication purposes.
